Dear Richard,

This is a quick last minute reminder regarding today's online Practitioner Group meeting.

These meetings now last just one hour and are focused on one key theme each month. Today we will be demonstrating the "Local Area Engagement Tools" within Alert and how you can overlay ORIGINS data to provide a postcode level identification of the predominant ethnicity in each area.

I hope you are able to dial in and follow the screen, we are developing this product ahead of the launch at the Dev Board meeting in September and would really appreciate any feedback and insight you feel able to provide. The PG meeting details are below:

Next online PG meeting: Today, Wednesday 17th August at 13:00:
