This brief update is regarding the National Tilley Awards which are being organised by South Yorkshire Police, and funded by the Home Office. The awards are open to any police or partner organisations supporting crime prevention or community safety in England, Wales, Scotland and Northern Ireland.

The winner of the awards will be announced at the National Problem Solving Conference, which is due to take place between 3-5 October 2023.

The awards are looking for innovative and effective problem oriented projects that have achieved measurable success in resolving issues faced by the police, partners and/or the community.

Update:

#### **Problem Solving and Crime Prevention – Tilley Awards 2023**

You may be in the process of finalising your application for this year's Tilley Awards. If so, we are aware that the deadline for submissions has been extended to 9<sup>th</sup> May 2023, due to the extra bank holiday for the Coronation.

If you would like any help using the data and reports from Neighbourhood Alert as part of your application, please do let me know as we do have capacity to help prior to the deadline.

The reports may be particularly useful as part of the 'Scanning' and 'Response' criteria of the SARA model.

It might be useful to have the 2024 Tilley Awards as a future agenda item for the Development Board so we can help you with any applications more effectively going forward.

In the meantime, good luck to everyone who is applying for this year's awards. Please share your success if you are shortlisted.

That concludes this brief update. Please don't hesitate to get in touch if you have any queries.

Kind regards,

Kate Algate
